ABOUT ME

Frontend Developer with hands-on internship experience building responsive web interfaces using HTML, CSS, and JavaScript. Computer Science Engineering undergraduate with a strong foundation in programming and practical project development. International-level volleyball player who has represented India, bringing discipline, leadership, and the ability to balance high-performance academic and technical work.

EDUCATION BACKGROUND

SNS College of Engineering
B.E. in Computer Science and Technology
2024 – 2025 | **CGPA: 8.00**

Kumutha Matric Hr. Sec. School
HSC (Higher Secondary Certificate)
79.1% | **Completed in 2024**

Kumutha Matric Hr. Sec. School
SSLC (Secondary School Leaving Certificate)
80% | **Completed in 2022**

SPORTS ACHIEVEMENTS

- **ISF Beach Volleyball – Italy:** Represented India (2019)
- **Zonal Volleyball Tournament:** 3rd place in college-level tournament

INDUSTRIAL EXPOSURE

- **Brainwave Kothagiri – Practical Training:** Gained hands-on exposure to basic robotics concepts and practical technical workflows.
- **Inker Robotics, Thrissur – Industry Visit:** Observed real-world robotics applications, automation workflows, and hardware-software integration processes.

LINGUISTIC SKILLS

- Tamil
- English
- German (Learning)

ACCOMPLISHMENT

Paper Presentation:
Presented a technical paper at UDHAYAM'25, KIT - Kalaignar Karunanidhi Institute of Technology, Coimbatore.

TECHNICAL SKILLS

- **Frontend Technologies:** HTML, CSS, JavaScript, Responsive Web Design
- **Programming Languages:** Java, Python (basic)
- **Tools & Platforms:** Git, GitHub, VS Code
- **Core Concepts:** DOM Manipulation, Object-Oriented Programming fundamentals

SOFT SKILLS

- Leadership
- Problem Solving
- Adaptability
- Time Management

PROJECTS

1. **Personal Portfolio Website (M8 IT Solutions, Coimbatore)**
   - Developed responsive web pages using HTML, CSS, and JavaScript.
   - Improved UI consistency and layout structure across multiple screen sizes.
   - Used Git and GitHub for version control and collaborative code management.
   - Deployed and maintained frontend applications using Vercel.
   - Gained practical exposure to industry-level frontend development workflows.
2. **Career Pilot (2nd-Year College Project)**
   - Created a personal guidance system using Claude AI as part of a 2nd-year academic project.
   - Analyzed basic user inputs to generate customized study plans and daily improvement tasks.
   - Tracks user progress and provides continuous guidance to support long-term growth.
   - Developed using AI-driven evaluation techniques and automated workflow pipelines.
3. **Vinted – Second-Hand E-Commerce App**
   - Designed a marketplace prototype for second-hand clothing and accessories.
   - Built using FlutterFlow for UI design, backend integration, and user flow creation.
   - Implemented core features such as item listing, browsing, and structured navigation.
   - Aimed at promoting sustainability through digital resale of pre-owned items.
4. **Personal AI Agent**
   - Developed my own AI agent capable of assisting with various tasks.
   - Integrated AI models and automation to perform smart, user-friendly operations.
   - Demonstrates practical knowledge of AI integration and workflow automation.
5. **Equalicy – AI Hackathon Project (Jansons Institute of Technology)**
   - Developed an application that evaluates whether policies maintain fairness and equality for both men and women.
   - Used AI-assisted analysis to deliver unbiased evaluations and actionable insights.
6. **AI-Powered Medical Platform (Thrivel Internship Project)**
   - Built an AI-powered intelligent hospital assistance platform using Google AI Studio.
   - Features include AI-based medical support, patient guidance, healthcare information, and smart hospital utilities.
   - Designed to improve healthcare accessibility and overall patient experience.

INTERNSHIP

- **Virtual Java Developer Intern – CodSoft and InternPE (Virtual)**
  Gained hands-on experience in Java programming and software development.
- **M8 IT Solutions – Frontend Developer**
  Gained hands-on experience in HTML, CSS, JavaScript, and created a portfolio using what I learned.
- **Edu Tantr – Data Analytics Intern (Ongoing)**
  Strengthening skills in data analysis, data visualization, and data-driven decision making.

CERTIFICATIONS

- Full Stack Development Internship Certification — M8 IT Solutions Pvt Ltd (Dec 2025)
- Oracle Certified Foundations Associate (Java) — Oracle University
- Python Certification — Besant Technologies (20 July 2024)
- Diploma in Computer Application (DCA) — CSC Computer Education
- Details: MS Office, C, OOP using C++, Internet Fundamentals (A Grade)

Passionate about building innovative solutions | Driven by curiosity, learning, and impact | Strong believer in teamwork, discipline, and leadership | Committed to growth and creating real-world value
